

## SATURDAY MORNING 4 MARCH 2017

### ON RANGE BRIEFING 0800

#### Notes for Competitors:

- The Sat Nav for Ash Ranges is Heath Vale Bridge Road, Ash Vale, GU12 5ER
- Competitors must either enter All Day or if Half Day preferred, AM only. PM only is not an option
- The range opens for competitors from 07.25, NO EARLIER. The access road is a single track and must not be blocked in order to grant access for range staff. If arriving earlier wait on adjoining roads nearby (The Swan Public House). Once the range is open there is plenty of parking space at the ETR car park
- Briefing must take place at 08.00 sharp as we need to start on time to ensure both matches are completed within stated shooting hours (08.30-16.00 with no break for lunch)
- Competitors will not be able to hire an NRA rifle for this match
- The FP is gravel
- Range is in metres. Due to variety of targets at varying distances competitors should set their sights for 300 and aim low at 100m (chin on Fig 14) and 200m (rifle on Fig 12) then straight in at 300m – there is no time for sight adjustments in between target exposures!
- Examples of all targets will be demonstrated at the briefing
- Targets are electronic and thus accurate 2 sec and 3 sec exposures as per CoF
- Scores will be read out on a tannoy after each Stage of the AM match (The Roupell). For the PM match (The Roberts) scores will be read out on completion of the match. No monitors or tablets will be available to observe fall of shot
- There is a 100m zero range next to the ETR which is available for use but must have an RCO in control
